

2011 Iowa Director's Cup Guest Player Form

The rules of the Iowa Director's Cup allow for up to three guest players to play with your team, and if you intend to have any, you must provide the following information to Tournament Director Jenny Wood on/by May 10, when all "Final Paperwork" is due in the Iowa Soccer Office.

The intent and spirit of this allowance is to open the competition to teams that may not otherwise have enough players to enter. The maximum roster size of 18 still applies for U13-U14, and is still 14 for U12. Refer to the rules below for confirmation of who your team may use for guest players.

Coaches are not permitted to submit this form onsite, nor are they allowed to declare guest players once onsite. The form is due in the office on/by May 10.

Tournament officials will have the final say on the allowance or exclusion of any guest player.

1002.6 Guest Players: up to three

The intent of the guest player allowance is to help teams that do not have enough players to enter the Director's Cup assemble enough players to enter. It is not intended to allow teams to load up with players in an attempt to assemble a "stacked" or "tournament" team, or to exclude available players in favor of guest players. Final determination of allowable guest players will be made by Iowa Soccer.

It is allowable that up-to-three guest players may be included on a team. These up-to-three players count against the maximum roster size. Proper guest player paperwork and procedures must be completed. Finalizing the addition of guest players must be done by the Final Paperwork deadline, at which time rosters are "frozen".

1002.6.1 The up-to-three guest players may be registered as players with a club other than the one whose team he/she is guest playing for.

1002.6.2 For U13 and U14 teams, guest players from a State Cup roster are allowable, but may not be from among the starting or top-tier players. The intent of the allowance is so that the last few players on a State Cup roster who are least likely to play in State Cup are able to play in Director's Cup. Final determination of allowable State Cup guest players will be made by Iowa Soccer prior to the competition.

1002.6.3 Guest players must carry to the tournament the player pass that corresponds to his/her primary team.
